REPORT.

To the Contributors of the Harrisburg Hospital :

The managers of the Hospital present, in the following report, a complete statement of its affairs, repeating their opinion that a necessity exists for the enlargement of its means of usefulness.

As the board has uniformly adhered to its determination not to incur liabilities, it was not prepared to liquidate, no steps have been taken in this direction, as none could be taken, without incurring indebtedness which might restrict its usefulness as at present conducted. Under these circumstances another year has passed without attempting a measure so essential to the institution. We hope, however, an effort to accomplish this need will be successful. It will require considerable outlay to enlarge and perfect the present accommodations, yet we feel warranted in expressing confidence that an appeal to the liberality of this community would not be fruitless, if we should proceed to comply with the wishes of the annual meeting of 1875.

During the consideration of this subject, a generous citizen of our city placed at the option of the board for a limited period, a property on Front street, adjoining, on the south, the present property of the Hospital. The offer so liberally made has been accepted. Thus sufficient space has been secured, ample for any extension at present, or that may be required from increase of population in the city or neighborhood.

The contract with the directors of the poor for medical attendance and medicines for the poor in and near Harrisburg, has been renewed until December, 1880. This transaction has saved a very large sum of money to the taxpayers of Dauphin county : since it was first entered into, in December, 1877, the actual amount exceeds \$7,000. The charge for 1879, as stated in the last audit of the account of the directors of the poor for the whole county, is \$3,866 14, while in 1877 it was \$6,500 for Harrisburg and vicinity, and for the whole

county \$7,521 37. Most of the contributors to this hospital are large tax payers, and may therefore congratulate themselves that much of what they gave as a willing offering in the cause of benevolence is returned in another form—the agreeable one of decreased taxation.

F. W. Coover, M. D., the physician appointed by the directors of the poor, makes report to the board of his duties.

In 1878 he made 177 visits to the poor-house, and in Harrisburg, Baldwin, Grantville, and Lochiel, 2,368 visits.

In 1879 he made 114 visits to the poor-house, and in Harrisburg, Baldwin, Grantville, 3,417.

In the two years embraced in the report, the total number of visits aggregate 6,016.

He furnished to the poor-house, in 1878, medicines, costing \$167 66. In 1879 the cost was \$139 82. The salary of the physician is paid by the Hospital, and the medicines furnished from its dispensary.

The patients under treatment in the Hospital during the past year have increased to an unexpected extent, upon one or two occasions occupying the available accommodation of the institution. The admittances were 187, 97 of whom stated they were of Dauphin county, 90 from other counties, of this and other States and nationalities. The greatest number received in any year previously, was 150. The yearly average from August, 1873, to April, 1879, may be placed at about 130. The total number to April, 1879, was 808. The whole number admitted since the opening of the Hospital, has been to April 1, 1880, 995.

The medical and surgical operations of the Hospital can be found at large in the report of the professional staff. For convenience, they are summarized from the opening of the hospital, to the 1st of April of this year.

The total number of cases treated, medical and dispensary,	
per the first annual report from August, 1873, to May,	
1874, was	196
Total within the next year, from May, 1874, to April, 1875,	
as per second annual report,	489
Total within the next year, from April, 1875, to April, 1876,	
as per third annual report,	1,264
Total within the next year, from April, 1876, to April, 1877,	
as per fourth annual report,	4,227

Total within the next year, from April, 1877, to April, 1878, as per fifth annual report,	2,708
Total within the next year, from April 1, 1878, to April 1, 1879, as per sixth annual report,	3,714
Total within the next year, from April 1, 1879, to this an- nual report,	4,099

Showing continual increase from year to year, and a grand total of cases under treatment of *fourteen thousand eight hundred and ninety*, in a period of less than seven years.

The deaths each year have been as follows :

From August, 1873, to May, 1874,	9
“ May, 1874, to April, 1875,	6
“ April, 1875, to April, 1876,	13
“ April, 1876, to April, 1877,	6
“ April, 1877, to April, 1878,	4
“ April, 1878, to April, 1879,	8
“ April, 1879, to April, 1880,	7

Of these deaths, two thirds were fatally injured beyond the hope of recovery when brought to the hospital.

Sixteen thousand three hundred and eighteen prescriptions were filled at the dispensary during the present year. The number in 1879, was fourteen thousand three hundred and twenty-four, an increase of two thousand and six.

Ninety-three surgical operations were performed by the staff; most of whom recovered. The death rate, as it appears above, was very small, apart from those patients who were injured fatally before they reached the hospital.

From this contributors may gather in what manner the trust committed to the board has been administered, and to what extent the hospital has alleviated the sufferings of those who required its accommodations.

The receipts into the Hospital from all sources, including

balances, from May 5, 1879, to May 3, 1880,	\$5,557 26
The expenses for the same period,	5,060 98
Balance on hand May 3, 1880,	<u>\$496 28</u>

The board estimate that expenses for the incoming year will not be less than for the year passed. The Hospital depends entirely

upon voluntary contributions for its support. These have heretofore covered its immediate wants, and we have no misgivings that a charity so broad and so useful will be suffered to be in need of any requirement for the alleviation of the terrible injuries modern appliances so frequently inflict upon those whose avocations compel their use.

The doors of the hospital are open to visitors every day from two o'clock to three, except on Sunday, when general visiting is not permitted.

The board acknowledge their obligations to the members of the Hospital staff for their attention, and skillful conduct of the medicinal and surgical departments, and to the steward and matron for the faithful and humane discharge of their duties.

CHARTER OF THE HARRISBURG HOSPITAL.

The subscribers, citizens of the Commonwealth of Pennsylvania, have agreed to associate themselves for the purposes set forth in the following articles, and are desirous of acquiring and enjoying the powers and immunities of a corporation or body politic in law for the furtherance of such purposes.

We do, therefore, hereby associate ourselves for the objects and under the articles, conditions, and name specified in the following articles :

ARTICLE I.

This corporation shall be known by the name of the "HARRISBURG HOSPITAL FOR THE RECEPTION AND CURE OF THE SICK AND INJURED," and shall have full power and authority to make, have, and use a common seal, with such device and inscription as they may deem proper, and the same to break, alter, and renew at their pleasure, and by the name, style, and title aforesaid, shall be able and capable in law to sue and be sued, plead and be impleaded, in any court or courts, before any judge or judges, justice or justices, in all manner of suits, complaints, pleas, causes, matters, and demands whatsoever, and all and every matter or thing therein to do in as full and effectual a manner as any other person or persons, bodies politic and corporate within this Commonwealth, may or can do, and to make rules, by-laws, and ordinances, and to do everything needful for the good government and support of the affairs of the said corporation : *Provided always*, That the said by-laws, rules, and ordinances, or any of them, be not repugnant to the Constitution and laws of the United States, to the Constitution and laws of this Commonwealth, or to this charter, and shall be able and capable in law to take and receive, hold and enjoy all manner of lands, tenements, rents, annuities, franchises, and hereditaments, and any manner or portion of goods and chattels, given, bequeathed, or devised to them, to be employed and disposed of according to the objects,

articles, and conditions hereof, or according to the articles and by-laws of this corporation, or according to the will and intention of the donors: *Provided always*, That the clear yearly income of the real and personal estate held by this corporation shall not at any time exceed the sum of twenty thousand dollars, and the said corporation shall have and enjoy all the rights, powers, privileges, franchises, and immunities incident by law to a corporation for the purpose of establishing, maintaining, and managing a hospital or dispensary for the reception, cure, and medical or surgical treatment of the sick and injured.

ARTICLE II.

The object of this corporation is to establish, maintain, and manage a hospital and dispensary in the city of Harrisburg, for the reception, cure, and medical or surgical treatment of the sick, and injured, and it shall have power to purchase land, erect, or build, or rent buildings, and perform such other acts as may be necessary to this object.

ARTICLE III.

The management of this corporation shall be vested in a board composed of twelve managers and a treasurer, to be elected by the contributors, on the first Monday in May, of each year, to serve one year and until others are chosen. Each contributor who shall have paid the sum of thirty dollars or more to the foundation, endowment, or maintenance of said hospital or dispensary, shall be entitled to one vote at every such election. No loss or impediment to corporate powers shall take place by reason of any omission to elect, at the time specified; but the same managers shall continue to enjoy and exercise all the powers vested in them until an election shall duly be held on a succeeding anniversary of said day.

ARTICLE IV.

The Board of Managers shall meet regularly on the last Monday of every month, seven of their number constituting a quorum, and at the first meeting after their election in May, shall elect from their own number a President and Secretary, and also such medical and other officers as may, in their judgment be required for the effective management of the hospital and dispensary. They shall have power to fill vacancies in their own body which may be occasioned by death,

resignation, removal from the county or otherwise, and the persons by them chosen shall continue to be managers until the next annual election. Nothing in this article shall be construed so as to prevent reelection of the same managers.

ARTICLE V.

The board of Managers shall have control and charge of the property, the government, management, domestic economy, business, and concerns of the hospital and dispensary, and shall have power to make all rules and regulations in their judgment necessary for the government, management, and control of the hospital and dispensary, and of all persons employed in its service.

ARTICLE VI.

At all elections for managers the vote shall be taken by ballot. The persons voted for who shall have the highest number of votes shall be declared elected, and a written return of each election shall be certified by the person or persons appointed to conduct such election to the Board of Managers, and entered upon their minutes.

ARTICLE VII.

It shall be lawful for this corporation, as often as it may be desirous of improving, amending, or altering this charter, to specify such desired improvements, alterations, or amendments, and the same to exhibit and present to the Attorney General and the Supreme Court successively for their approval, and the same, when approved, certified, and enrolled according to law, shall be taken to be a part of this charter to all intents and purposes as if the same had been originally made a part hereof.

Enrolled in "Charter Book, No. 8," in the office of the Secretary of the Commonwealth, at Harrisburg, May 9, 1873, pages 471, 472, 473, and 474.

R U L E S

ADOPTED BY THE

CORPORATE CONTRIBUTORS.

1. The Managers of the Hospital, for the time being, shall have the power of disposing of all moneys paid to the Treasurer for the building, furnishing, support, use, and service of the Hospital, and for the renting and furnishing a house or houses for the reception of patients until a Hospital shall be built.

2. They shall likewise have the power to direct the manner and terms of receiving and discharging patients; and all officers and servants belonging to the Hospital, other than the Treasurer, shall be appointed by and be under the directions of the Managers, who shall allow and order their respective salaries, and may displace them and appoint others.

3. The Managers shall have the power to call general meetings of the contributors as often as they judge it necessary for the service and advantage of the Hospital, and shall cause due and public notice to be given of the time, place, design, or purpose of such occasional meeting, at least ten days before the same is to be held, and shall nominate some discreet member to preside therein.

4. They shall also settle the accounts with the Treasurer from time to time, and take care that all laws, rules, and orders made by the contributors be duly and faithfully executed, for all which, or any other services relating to the Hospital, they shall not claim, receive or retain any fee, gratuity, or reward whatsoever.

5. The Managers shall meet at least once a month at the Hospital, or some other fit place in the city of Harrisburg, to confer and conclude concerning the matters hereby committed to them; and shall cause fair minutes of their proceedings to be kept by their Secretary,

in a book to be provided for that purpose, and seven Managers shall form a quorum for the transaction of business.

6. That every treasurer hereafter chosen shall, before entering on the duties of his office, enter into an obligation with one sufficient surety in double the value that may probably come into his hands, that he will once in three months, or oftener, if required, render his accounts to the Managers of the hospital, and well and truly account, adjust, and settle with them when required, for and concerning all moneys that shall come into his hands belonging to the said contributors, and pay the balance that shall appear on such settlement to be in his hands unto such person or for such service as the Managers for the time being shall order and appoint, and not otherwise, and that he will at the expiration of his office, well and truly deliver up and pay the balance of the money then remaining in his hands, together with the book of accounts concerning the same, and all other papers and writings in his keeping belonging to contributors, unto his successor in said officer.

7. That the place and hour of the election for Managers shall be appointed by the Managers of the current year, and notified by their secretary at least twenty days before the election, by printed advertisements ; and the said Managers shall and are hereby required and empowered to nominate three discreet members of the corporation to inspect and judge of the said election, and declare who are the persons elected, and the Managers shall cause their Secretary to enter in their book of minutes the names of the persons elected, according to the tickets.

8. That before the Managers, for the time being, proceed to erect any building for the said hospital, a plan of such proposed building, with an estimate of the expense, shall be prepared and laid before the general meeting of the contributors for their consideration ; and the approbation of the majority present at any meeting shall be obtained before the same is carried into execution.

9. That any individual, corporation or manufacturing company who shall contribute the sum of three hundred and sixty-five dollars shall, upon the payment of the same into the treasury, have the right to nominate and send in one patient regularly to the Hospital during one year thereafter, subject to the regulations ordained in the by-laws.

BY-LAWS

GOVERNING THE HARRISBURG HOSPITAL.

ADOPTED BY THE MANAGERS.

MANAGERS.

1. The stated meetings of the Board of Managers shall be held at the hospital, on the last Monday of each month, to assemble at three, P. M. A special meeting shall be called at any time by the President, on the written request of four members of the Board.

2. The Managers shall, at their first meeting after their election, in the month of May, every year, choose, by ballot, four Doctors in Medicine, two of whom shall be Visiting Physicians, and two Visiting Surgeons. They shall also choose, at the same time, a Steward, a Matron, and such other officers as may from time to time be found necessary for the proper administration of the hospital and dispensary.

3. No Physician shall act as a Manager during the term for which he is chosen to serve the hospital in a professional capacity.

ATTENDING MANAGERS.

1. A committee of two Managers, to be called the Attending Managers, shall be appointed monthly, whose duty it shall be generally to supervise the affairs of the hospital, and who shall have the sole power to admit and discharge patients.

2. They shall attend at the Hospital on Wednesday and Saturday of every week, at two o'clock, P. M., for the above purpose.

3. They shall keep regular minutes of the admissions and discharges of patients, and shall insert therein all orders given by them on the Treasurer for the expenditure of money. The minutes aforesaid, and the records of the hospital, shall not be exhibited to any one, except in the presence of one of the Attending Managers.

TREASURER.

1. The Treasurer shall pay out money only on the order of the Attending Managers, and shall keep a regular account of his receipts and disbursements, to be vouched for and laid before the board once a month, or oftener, if required by them.

PHYSICIANS.

1. The medical practitioners chosen to serve this hospital shall be classed with each other, and give their attendance at such seasons as shall be agreed upon by themselves and the Managers.

2. The Physician and Surgeon on duty shall visit their respective wards daily, in the forenoon, and at such other times as may be necessary for the faithful performance of their duties.

3. Except in cases of emergency, no important surgical operation shall be performed without a previous consultation, of which all the Surgeons and Physicians have due notice.

4. The Physicians and Surgeons shall have power to establish rules for the regulation of their respective wards, to be framed and hung up therein, subject to the approval of the Managers.

5. The Physician in charge, for the time being, of the dispensary shall visit the hospital daily, except Sunday, at such hours as may be agreed upon between the Physicians and Surgeons, and shall examine and prescribe for all patients who may present themselves, keeping a regular record of the number of persons and the character of their disease in a book provided for that purpose.

6. The Physician and Surgeon on duty shall record all cases of practice and of surgical operations in books provided for that purpose; shall also keep record of every case in their charge, and (permission of the friends of the decedent being first obtained) make such autopsies as may be desired. They shall also have a general superintendence of the nurses, and shall promptly report to the Steward and Attending Managers all instances of neglect of duty.

7. It shall be the duty of the Surgeon or Physician on duty to write legibly the diagnosis of each case on the admission card suspended over the bed of the patient as soon after admission as practicable.

8. The Surgeons who have charge of the surgical ward shall have the instruments kept in order, and be accountable therefor during their term of service. They shall preserve an inventory of them,

which, together with the instruments, they shall deliver to their successors. No instrument of any kind is to be loaned to any one without the written order of the Attending Managers on duty.

RESIDENT PHYSICIANS.

1. Candidates for this office must furnish to the Board or Managers, in writing, testimonials of good moral character, and a certificate signed by at least two members of the medical staff of this hospital, that they believe them competent. No one shall enter upon the duties of Resident Physician who is not a graduate of some regular school of medicine.

2. He shall reside at the hospital, and shall not absent himself therefrom without permission of the Attending Managers, nor unless he shall also have given previous notice to the Surgeon and Physician in charge for the current month, who are hereby authorized and required to appoint a substitute during the absence or sickness of said resident, subject to the approval of the Attending Managers. Such appointment and approval in all cases to be at once entered on the minutes of the latter.

3. He shall perform for the Physician and Surgeon in charge, the *clerical* duties required of them by the fifth, sixth, seventh, and eighth sections of the by-laws, regulating the duty of *Physicians*, and be present with them during the dispensary hours each day.

4. He shall accompany the Physician and Surgeon in their daily visits to patients, and shall regularly visit the patients under their charge through the day—at least every morning and evening, and as often as their respective cases may require. He is to administer such medicines and such treatment as shall be directed by the Physician and Surgeon in charge for the current month, and at all times to regulate his practice in the hospital and in the dispensary entirely according to their orders.

5. He shall perform no surgical operation except such as may be designated by the Surgeon or Physician in charge, and in all cases demanding the immediate attention of either of these, he shall without delay notify him by a messenger.

6. All records required to be kept for this hospital by the Resident Physician must be carefully written in a plain legible hand, and in such a way as will effectually carry out the intention of the Managers. Carelessness in this matter, or negligence in any of the

duties assigned, must be immediately reported by the Physician or Surgeon in charge to the Attending Managers, who may, if they see proper, suspend or discharge the incumbent.

APOTHECARY.

1. The Apothecary shall preserve every prescription of the Physicians, and no medicines or other articles shall be delivered by him to any person unless prescribed in due form in writing.

2. He shall keep pass books in which all medicines purchased shall be duly and regularly entered.

3. He shall not absent himself from the hospital without notifying the Physician in charge of his department, nor shall he permit patients or others, except officers of the Institution, to occupy the office of the Apothecary.

STEWARD AND MATRON.

1. The Steward shall have the general care of the building, subject to the direction of the Attending Managers. The fuel, furniture, food, and stores of all kinds shall be purchased by him, under the direction of the Attending Managers. He shall hire all the nurses and domestics, at such rates as the Attending Managers shall approve, and discharge them when he thinks proper. He shall attend to the proper warming and ventilation of the house in winter, and see that the nurses generally do their duty.

2. The Matron shall have particular supervision of the wards and buildings as to their cleanliness, and the good order of the bedding and clothing used therein; and, subject to the directions of the Physicians, shall superintend the preparation and distribution of the food and diet of the patients. She shall have the general control of the domestics, and, in conjunction with the Steward, take care that the patients are well treated and attended to by the nurses.

NURSES AND SERVANTS.

1. The nurses shall faithfully attend to the patients under their charge, and obey implicitly the directions of the Attending Physicians, Surgeons, and Steward in regard to them, and shall see that they behave with propriety, and observe all the regulations of the Institution, and shall report any irregularity or breach of rule to the Steward.

2. Any Nurse who shall refuse or neglect to follow the directions of the Attending Physicians, Surgeons, or Steward, as above, or who shall be negligent or inattentive in his or her duties generally, shall be at once discharged by the Steward.

3. None of the Nurses or domestics employed in the hospital shall absent themselves from their duties therein without having first obtained permission from the Steward or Matron.

ADMISSION AND DISCHARGE OF PATIENTS.

1. Persons accidentally wounded or otherwise injured shall be received at all hours, subject to the approval of the Attending Managers at their next meeting after such admission, and to such other rules in the matter as the Board of Managers shall from time to time enact: *Provided always*, That the accident or injury happened in Pennsylvania, and the patient is brought to this hospital within twenty-four hours after its occurrence.

2. The Attending Managers on duty shall have the power of admitting poor or charity patients, subject to the by-laws and rules governing the admission of patients into the hospital. The admission, in all cases, shall be by printed certificate of name, age, place of nativity, occupation, whether married or single, and of the disease, under the signature of the doctor and Attending Managers admitting; in case, however, of sudden illness, when the approval of the Attending Managers cannot readily be obtained, such patient may be admitted temporarily by the Steward, after examination and approval of the Resident Physician, until regular action can be had. Whenever practicable, security will be required for the clothing of the patient, and for his or her removal when discharged. All admissions and discharges shall be registered in a book provided for that purpose.

3. No person having any syphilitic, infectious, or contagious disease shall be admitted into this hospital.

4. No patient shall be admitted into this Institution whose case is judged to be incurable: *Provided*, That patients nominated and sent in under rule nine of the corporate contributors, and pay patients affected with disease pronounced incurable, may be admitted if their cases are susceptible of temporary relief; but they shall not occupy beds to the exclusion of other patients.

5. Pay patients may be admitted by the Attending Managers on

the certificate of a hospital physician, at a boarding rate of no less than seven dollars a week ; and they shall give good security for the payment of the same, at the time of their admission.

6. All patients shall be discharged as soon as they are cured, and such also whose cases, after a reasonable time of trial, shall be judged incurable, under the direction of the Physician or Surgeon on duty and the Attending Managers.

7. From the time a patient is brought to the hospital until his discharge, he shall be under the exclusive surgical or medical treatment of the Medical Staff of this hospital, and no other physician shall be allowed to visit him except at the request, and in the presence, of the surgeon or physician in charge of the patient.

CONDUCT AND DUTIES OF PATIENTS.

1. The patients shall conduct themselves with decorum towards each other, the officers of the hospital, nurses, and servants. They shall not smoke tobacco or play at any game of chance in the hospital, on pain of immediate expulsion therefrom.

2. No liquors, provisions, or medicines of any kind shall be furnished to any of the patients by their friends ; and no patient shall be permitted the use of any diet prepared in the house other than that which may be ordered by the proper officers.

3. No patient shall be allowed to leave the hospital while under treatment, except by special permission of the Physicians and Steward.

4. Such charity patients as are able shall give assistance in nursing or otherwise when required to do so by a Physician or the Steward or Matron.

5. If any breach occur in any of the above rules, the offender shall be liable to be discharged by the Attending Managers or, in their absence, by the Steward, who shall report to them.

6. No reading in bed at night, either by patients or by any person connected with the establishment, shall be allowed.

VISITORS.

1. Visitors to a patient may be admittede very day, from two to three o'clock, P. M., except on Sunday.

On entering the hospital, they shall apply to the Steward or Matron, and shall not ramble over the house or grounds, but shall im-

mediately be directed to the apartment in which the patient may be ; and after a reasonable time they shall withdraw from the premises.

2. No visitor shall lodge in the hospital without permission of the Steward.

AMENDMENTS.

1. The by-laws may be amended by the vote of a majority of the Board of Managers. The amendment to be proposed in writing at one meeting of the board, and acted on at the next or a subsequent meeting.

2. Amendments to the rules to be proposed in writing at one meeting of the contributors, and adopted at a subsequent meeting.
